modifying a media redirection file so that the media content is provided by a media cache server that is more easily accessible by the client than the alternate media server.

REMARKS

In response to a phone discussion with the Examiner on November 14, 2002, claim 35 is being amended so that it depends from claim 24 rather than from itself.

Also, attached herewith, please find a copy of proposed changes to Figs. 1 and 4 to correct self-evident errors. One copy of the attached Figs. 1 and 4 includes a marked up version of proposed changes to the formal figures filed on March 5, 2002. The other copy of attached Figs. 1 and 4 is a draft version of formal figures including the proposed changes. After the figures have been approved by the Examiner, a corrected set of formal figures will be formally filed with the USPTO.

CONCLUSION

In view of the above amendments and remarks, it is believed that all claims are in condition for allowance, and it is respectfully requested that the application be passed to issue. If the Examiner feels that a telephone conference would expedite prosecution of this case, the Examiner is invited to call the undersigned at (978) 341-0036.

Respectfully submitted,

HAMILTON, BROOK, SMITH & REYNOLDS, P.C.
